EMPLOYMENT HISTORY

August 2009 – Present - President, KeySys Health, LLC

Entrepreneurial venture established to bring a software application, originally developed for research, into the commercial market. Concurrently, utilizing healthcare expertise to consult and advise small to medium physician office practices on compliance requirements relevant to recent federal legislation (HITECH Act and Meaningful Use), as well as assessing capabilities and developing plans to improve operations and business continuity preparedness.

August 1979 – November 2007 Blue Cross and Blue Shield of Alabama

Jan 2007 – Nov 2007 Implementation Director

Develop standard procedures for Medicare operations transitions for Project Management Office. Assist with completion of four Federal Acquisition Requirements (FAR) Medicare Administrative Contract proposals.

Jan 2000 – Jan 2007 Executive Director, Medicare PartA, Midwest Operations

Direct activities for PartA Intermediary functions for Iowa and South Dakota and Home Health and Hospice for 15 States, including claims processing, inquiry, medical review, appeals, audit and reimbursement and provider enrollment. Meet budget and performance requirements as required, maintain trained staff and implement innovative approaches to managing dynamic workloads.

Aug 1993 – Jan 2000 InfoSolutions Development Manager and Systems Development Unit Manager

Supported application code development requirements for the Prescription Drug program, Fraud and Abuse, Primary Care Network, and Electronic Media Claims expansion. Developed the InfoSolutions Medical Information Network clinical data repository, including multi-protocol electronic interfaces with a variety of health care entities and software vendor systems.

Oct 1989 - Aug 1993 Operations Manager, Bellsouth Dedicated Service Center

Established and managed a dedicated customer service center (140 representatives) for a major customer with employees in a nine state area. Revised CSD hiring, training and QA process and ERISA appeal procedures to achieve superior customer service.

Aug 1979 – Oct 1989 Systems Development Systems Analyst, Section Manager, Unit Manager

Application code development for major online systems for government and non-government related business applications. Directed teams of 10-20 programmers, advised Claims and Marketing Divisions on benefit design issues, interfaced with multiple external entities on implementation of complex electronic data exchanges.

August 1977 – August 1979 Birmingham Board of Education

Administrative Assistant to the Director of the Ramsay Alternative School Program

Administrative and secretarial functions as required by the director.

AWARDS

- 1991 Birmingham Management Roundtable, Member of the Year
