

AACSB International Member Referral Program

AACSB invites all members to refer partner and peer organizations to join as members of the AACSB Business Education Alliance, solidifying their commitment to quality improvement.

Access to an elite network of global business schools and organizations is a key benefit of membership with AACSB International. Member referrals aid the association in identifying leading business organizations that strengthen and add value to the network, as well as elevate the global brand of AACSB membership. AACSB invites all members to become **AACSB Network Leaders** today by encouraging your peers to **Be AACSB**.

Please submit completed form to membership@aacsb.edu. Form must be submitted by the referring member and the nominated member must be in copy.
